### Batting Helmet with Faceguard

I acknowledge that I have received and read the information distributed by the Mt. Gilead Softball and Baseball Association in regards to the batting helmet with faceguard. I understand the potential risk of not using this piece of protective gear and that every player has access to a helmet with faceguard if they so choose. I will not hold the Mt. Gilead Softball and Baseball Association responsible in the event of an injury due to not wearing the helmet with faceguard.
